

NEW TOWN KOLKATA DEVELOPMENT AUTHORITY

(A Statutory Authority Under Government of West Bengal)
3, Major Arterial Road, New Town, Kolkata - 700 156

Advisory

For protection of life and property from lightning strike, in public interest, it is advised that lightning arresters are installed on all buildings / structures in New Town Kolkata, specially, on tall buildings.

New Town Kolkata Development Authority is going to introduce a system of recording of installation of lightning arrester at buildings at the time of sanction of building plan and during issuing OC/ POC with an objective to create a comprehensible and readily accessible database on this matter.

Owners / stakeholders of buildings / structures where lightning arresters have already been installed are requested to come forward to provide information in the following format.

Plot No.	Premise No.	Name of the building	Whether Lightning Arrester Installed	Height of the lightning arrester from ground level
(a)	(b)	(c)	(d)	(e)
