To,  
The Block/ Housing Secretaries and Presidents  
New Town Kolkata

**Subject: Installation of Float Valves and Domestic Water Meters for Small Consumer Water Supply Management at New Town Kolkata.**

Sir,

New Town Kolkata Development Authority (NKDA) is installing float valves and water meters free of cost in the housing premises of New Town to improve the flow of water and reduce wastage of water. While this is not a charged service, it will improve the availability of water to all residents in the city.

NKDA has undertaken this work through the Directorate of Public Health Engineering, Govt. of West Bengal (WBPHED).

You are requested to extend necessary co-operation and support and inform the local residents to allow the authorized persons to access the reservoir for this purpose.

Thanking You.

Yours Faithfully

  
Chief Executive Officer
